Tweeddale East and West Community Councils

Multi Member Ward Report for December 2025

The information provided within this report, is predominately based on the Tweeddale East & West Multi Member Ward Policing Plan and the areas you have identified as priorities.

The data provided in this report is for information purposes only and is not official crime statistics. Due to delayed reporting or recording of crimes, incidents or road accidents and the management of crime enquiries, there is likely to be differences between the information in this report and the final Police Scotland statistics. It would not be appropriate to refer to, quote or use any data in this report as official statistics.

Community Policing News – PS Crawford Laing

I hope you have all had an enjoyable time over the festive period and have managed to spend some time with friends and family.

You may have seen and may already follow Police Scotland accounts on Social Media. In the Scottish Borders we have accounts on Facebook and X and regularly use these to ask for help in relation to investigations, pass on personal and home security advice and highlight some work that has been going on in our communities.

Another useful application that we use is Neighbourhood Alerts which is run in Scotland by Neighbourhood Watch. This is used by Police to pass on advice but is also used by other agencies such as Scottish Fire and Rescue Service and Scottish Borders Council. Alerts are usually sent out by email.

You can find out more about Neighbourhood Alerts and sign up at [Neighbourhood Watch Scotland](#)

Local Policing Priorities

1. Protecting most vulnerable
2. Reducing violence and Anti-Social Behaviour
3. Reducing acquisitive crime
4. Improving road safety
5. Tackling serious and organised crime

Protecting most vulnerable

In December 2025 Police in the Scottish Borders attended and were involved with around 153 mental health related calls, around 8 missing person enquiries and 83 domestic related incidents.

Tweeddale East and West had 17 mental health related calls and 1 missing person enquiry. Due to GDPR and protection of victims/subjects involved, we are unable to share any more specific information in relation to these types of call within this report.

Police Scotland work in collaboration with key partners to assist the most vulnerable within the communities and to provide support.

Reducing Violence and Anti-Social Behaviour

Tackling Serious and Organised Crime

Serious and organised crime enforcement – December 2025

The Scottish Borders CID Proactive Unit executed two Drug & General Evidence Warrants during the month of December within the towns of Hawick and Alloa. The Alloa address was linked through enquiry to supply of cocaine into the Borders area. These resulted in the seizures of quantities of Class A controlled drugs and four figure sums of cash. Two

OFFICIAL

people were reported for drug related offences including proceeds of crime during the month.

Serious and organised crime impacts local communities across the Borders and anyone with information on criminal activity are asked to contact Police Scotland on 101, report it at any Police Station or report it anonymously via the Crime Stoppers Charity.

This information can be on any criminal matter but includes an individuals unexplained financial gain or wealth or persons who are vulnerable in our communities and being targeted or exploited by others for any reason.

Campaigns

Winter road safety

Winter means changes in the roads, shorter days, and changing weather.

We all have a responsibility to keep Scotland's roads safe during the winter months.

Advice if you are out walking during winter:

- Dress for the weather by wearing reflective or bright-coloured clothing so other road users can see you when it is dark, or visibility is poor.
- If you are walking home late at night, make sure someone knows where you are going and when.
- Vehicles can take up to ten times longer to stop on slippery road surfaces so take extra care crossing the road.
- Stick to pedestrian crossings.
- If there are no crossings nearby, find a place with a clear view and wait for long gaps in the traffic before crossing the road.
- Don't cross the road between parked vehicles, unless it can't be avoided then take extra care (look out for vehicles that suddenly pull out or reverse)
- Never cross the road behind a bus.
- If there is no pavement, keep to the right-hand side of the road so you can see traffic coming towards you.

Advice to consider if you are cycling during winter:

- Make sure your bike can be seen by people on the road.
- Use a good set of front and rear lights (white at the front, red at the back)

OFFICIAL

OFFICIAL

- Wear clothes that help you be seen on your bike, such as bright and light reflective items
- Pay attention to road signs, markings, and particularly red lights.
- Do not cycle on the pavements, they may be slippery and can also endanger pedestrians.
- Be mindful of the effects poor weather can have on other road users.
- Make sure you know about the dangers around you.
- Cars can take twice as long to stop in wet weather.
- Braking can be unpredictable in ice and snow.

Advice for drivers during winter:

- Make sure your car is ready for winter.
- Check that your tyres, brakes, windscreens, wiper blades and windows are free from defects and clean.
- Drive to the road conditions. Road conditions can change without warning, stopping distances will be affected by the weather.
- Make sure your windows are clean and aren't misted up.
- Make sure there is no snow and ice on your windows before you drive.
- When the roads are icy, drive at a slow speed in a high gear.
- Accelerate and brake very gently.
- Driving distracted (for example, using a Sat Nav) can cause additional stress. It is dangerous to yourself, passengers, and other road users.

Anyone with information relating to any criminal activity can contact Police Scotland by dialling 101 or alternatively anonymously by calling **CRIMESTOPPERS** on **0800 555111**.
