SCDT Project Brief
Path Project

Project Description:
The aim of this project is to complete necessary maintenance on the Skirling to Broughton Drove Road in the sections of the path running from Whinnybrae to Kirklawhill farm within the boundary of Skirling. The work required is to clear fallen trees and timber obstructing the route and to erect signage near Kirklawhill farm where the path becomes difficult to follow.

SCDT Role:
SCDT will consult with relevant landowners (farmer James Taylor near Whinnybrae and also Glenrath Poultry who own Kirklawhill farm) together with Scottish Borders Council who may be able to provide advice and assistance and who have statutory rights and duties in relation to core paths.
SCDT will obtain cooperation from landowners, obtain quotes for maintenance and source funding where required.

Board Champion: Mark Bambridge

Update: 11.11.2026
Contractor Laurence Miller has removed obstructing wood and timber from the drove path.
Glenrath poultry (owner of Kirklawhill Farm) have been notified about signage; the Trust will now aim to explore signage options for the path as it runs past Kirklawhill farm.
